## AN INDUCEMENT

To Visitors at This Store.

To have the ladies of Barre and vicinity feel that we are glad to put our time against theirs whether they are buying or simply contemplating a purchase, we have thought it best to make it an object to them.

For the remainder of this week or as long as they last, we will present each married lady who visits our store, a patent spring broom holder, which we feel will be appreciated by the users.

Our Wall Paper Department is ready for inspection and we feel positive that we can show the most up to date line of patterns and colorings ever shown from any stock kept in Barre. If you buy of us and run short a little there is no wait, we carry the goods right here. Isn't that an advantage?

Remember THIS IS THE WEEK.

1809—1909

In commemoration of Lincoln, the great Emancipator and Statesman, our store will close at noon Friday.

Wilmington Company Defendant in Suit as Result of Man's Death.  
Brattleboro, Feb. 13.—The Deerfield lumber company of Wilmington is the defendant in a suit brought yesterday by Frank L. Wellman of Guilford, administrator of the estate of Thomas Hartigan to recover damages in the sum of \$10,000. Hartigan was killed in the company's saw mill nearly two years ago by being struck by a stick which was thrown from an edging machine which he was running. The administrator alleges that the machine was defective and that the company was negligent. The suit will be tried in county court at Newfane in April.  
It is an interesting fact that a suit is now pending between the deceased's father, John Hartigan, and the same company in which \$5,000 damages are claimed for injuries received in the same mill the year the son was killed. The suit of John Hartigan, who was running a planer, will be tried in the U. S. court in Brattleboro next month.

Standing Timber.  
About one-fifth of an acre of timber is standing to every inhabitant of the world.  
Turtles to Hire.  
Quite a profitable business is done in some large English towns by lending turtles to restaurants. They are permitted to remain in the windows for a few days and are then taken to different parts of the city as advertisements for other eating houses.

Volcanoes.  
Materials ejected from volcanoes are chiefly vapor, or water, lava, cinders, rock fragments and various gases.  
A Spinning Fish.  
A shellfish of the Mediterranean has the power of spinning a viscid silk which is sticky is made into a very handsome fabric. The silk is spun by the shellfish for the purpose of attaching itself to the rocks. This material is gathered at low tide, washed in soap and water, dried, straightened and carded.

Branchitis.  
Branchitis is Scotland's most deadly disease, consumption next, pneumonia third.  
There will be a special communication of Granite lodge, No. 35, F. & A. M., Friday evening at 7 o'clock. Work. M. M. degree. Per order W. M.  
There will be a regular meeting of Court Granite City, No. 3, on Thursday evening at 7 o'clock in F. of A. hall.  
St. Aldemar commandery, No. 11, Knights Templar, will hold the annual "ladies' night" at the asylum and banquet hall, Thursday evening, Feb. 11, at 8 o'clock. Sojourning knights and their ladies cordially invited. H. C. Wiltaker, E. C.

The Daylight Store  
BABIES' GOODS

We have in Babies' Goods several things that we are showing for the first time in Barre. These little garments will appeal to mothers as of the right sort. At a glance mothers can see where they are just what they want. Prices on these new kinds are made attractive. The following descriptions will give you an idea as to what we are talking about.

## BABIES' GOODS BABIES' GOODS BABIES' GOODS

First, did you ever see a Babies' Knit Band that gave any support to the diaper? This one has a supporter in the Band that keeps the Band from stretching out from its usual length.  
Mothers will understand this and be anxious to see the Band, for it is a real necessity, while the quality is above the average Band. The price is the same, 15c each.  
These Bands come same style in silk and wool at 30c each.  
These Bands are made in the west and our attention was called to them by a lady here in Barre who in some way had found them out.  
Next, we want to call your attention to a new grade of Wool Vests for baby, a kind that is just as warm and irritates the little one less.  
These Vests are to take the place of those costing from 35c to 75c each. They are priced from 35c to 45c each.  
We had a similar Vest years ago, but the manufacturer went out of business, so we could not get any more. You will be pleased to find this quality.  
New lot of Knit Booties in new styles and fine qualities at from 15c to 25c.  
New lot of Babies' Dresses and Sacques in both worsted and embroidered cashmere from 25c up to \$1.25 each.  
While we are speaking of new things in Babies' Goods let us call your attention to Babies' Winter Coats that we are now selling at half price.  
Can buy these Coats a little large, keep it until next season and save half of your money. (Pretty good interest.) Styles of Babies' Coats do not change.  
Babies' White and Colored Silk Bear Coats that were \$2.95, now at \$1.49.  
Those that were \$3.37, now at \$1.98. This makes those Coats very cheap, and as you realize much less than cost to us.  
Large children and ladies fitted to best styled Coats now at half price.

Our New Silk and Muslin Babies' Bonnets are here in both closed and open backs. Our Patent Cap is a great seller. Price no more than the common kinds.
